

Thanks to all those that were able to make it out for a GREAT day of riding. The weather was very reasonable for August in South Texas , and it looked like everyone had a good time. Although I'd never had it before, the pizza from Fox's Pizza Den in Cibolo was awesome, and the Mesquite Ramblers band sounded fantastic.

Thanks to Rick and Dawn Stigall, Kat Johnson, Tiny, Donny Baker, Rose Lewis for all their hard work in raising \$2,093 for the Legacy Fund.

While on the road, I'll be watching for all those Legacy T-Shirts we sold, and thanks to Randy McBay for getting those in time for the run. They look great.

Thanks to Brown, Terry Smith, Brad, and others for helping get people through the route, and everyone that did countless things, both large and small, to make this a successful event.

Thanks to Debi Aguirre and her crew for making sure the post was ready for the returning riders. She does a lousy job of staying out of the fray, and always steps up when we need her most.

Remember, most people in this country are barely aware that a war is even going on, nor do they have to make daily sacrifices. This is because our fighting men and women have agreed to bear that burden for them, and we as veterans understand this. It's our duty to pick up the slack, when one falls, and remind those that are oblivious, that our soldiers are paying the price for their freedom.

On behalf of the Legacy Events Committee, please pass our thanks on to the other clubs that came out and supported us. We really appreciate it, and enjoyed sharing some road time with them.

See y'all at dinner on the 10th.

Stu
Events Committee Chairman
