

## The American Legacy Scholarship

*It's the Least  
We Can Do*

Many of our nation's children have lost a parent during this war on terrorism. These parents lost out on the opportunity to see their children through school and into adulthood.

We must assume some of the responsibility on behalf of these gallant heroes and help their children. It's the least we can do.

Please contribute to the American Legacy Scholarship Fund to assist the children of military personnel killed on or after September 11, 2001.

THE AMERICAN LEGION

\* Contributions may be tax deductible, ask your tax advisor.

As some of you know, the American Legion Riders, with the generous support of **everyone** at Post 593, raised \$10,000 for the Legacy Scholarship Fund last year. This year we'd like to exceed that amount, but need your support. Please consider donating to this worthy cause, by purchasing a Legacy Dinner ticket, donating an auction item, or making a cash contribution. Donations can be dropped off, or mailed to, the post, or you can donate, by visiting the web site listed to the left. *The American Legion is tax exempt under Section 501 (c)(19) of the Internal Revenue Code of 1954, as amended.*

The Legacy Dinner will be held the evening of 10 August 2007, with tickets being \$25.00 per person. An auction and dance will accompany a wonderful dinner from the Texas Roadhouse. See one of the Riders at the post, or call Stu at 210-885-6881, if you need a ticket.

If you're unable to make a donation this year, we'd still like you to consider helping us to get the word out about this worthy cause. As long as we can help a child that has lost a parent who was fighting for our freedom, it doesn't really matter how we do it. So, please pass this on to all your friends and acquaintances.
